CAREER OBJECTIVE

Aspiring software developer with a strong foundation in Java and web technologies, aiming to work in a growth-oriented company where I can leverage my skills, learn new technologies, and be a valuable part of a development team.

PROJECTS

1. Airline Reservation System (ARS) using Spring Boot

Technologies Used: Java, Spring Boot, MySQL, HTML, CSS

- Designed and developed a web-based airline booking system with features like seat selection, upcoming booking view, and ticket transfer.
- Implemented backend logic using Spring Boot and managed data storage with MySQL.
- Created responsive front-end pages for the booking flow using HTML and CSS.
- Ensured smooth user interaction and reliable data handling throughout the booking process.

2. Project: Student Course Registration System

Technologies Used: HTML, CSS, JavaScript, JSP, Servlet, JDBC, MySQL

- Developed a responsive web application for student course enrolment using HTML, CSS, and JavaScript.
- Implemented a user authentication system using JSP and Servlet.
- Integrated MySQL database for storing student, course, and enrolment details.
- Used JDBC for performing CRUD operations (Create, Read, Update, Delete).
- Enabled students to view and register for available courses dynamically.
- Designed an admin panel to manage course listings and monitor registrations.
- Applied session management for secure login and logout functionality.

EDUCATION

- | | |
|--|---------------------|
| 1. Wainganga College of Engineering & Management, Nagpur
B. Tech: Computer Science Engineering, Percentage: 73% | Nov 2020 – Jun 2024 |
| 2. Shree Ram Junior Vidyalaya, Ramtek
12th: (HSC), Percentage: 54% | Jun 2020 |
| 3. Shree Ram Kanya High School, Ramtek
10th: (SSC), Percentage: 75.20% | March 2018 |

TECHNICAL SKILLS

- | | | |
|---------------|--------------|-------------|
| • J2SE | • HTML | • Bootstrap |
| • J2EE | • CSS | • ReactJS |
| • Spring Boot | • JavaScript | • Oracle |

SOFT SKILLS

- Communication Skills
- Analytical Thinking
- Adaptability & Willingness to Learn

STRENGTH

- Good understanding of **OOP concepts** (Abstraction, Inheritance, Polymorphism, Encapsulation).
- Knowledge of **Exception Handling** in Java using try-catch, throw, throws, and finally.
- Familiar with **Internal, External, and Inline CSS** styling techniques.
- Experience with **responsive design** using Flexbox and CSS Grid.
